

CRYSTAL BEACH HOTEL

OCEAN CITY, MARYLAND

Crystal Beach Hotel is a 54,000 square foot hotel located on the former site of the Riviera Motel in Ocean City, Maryland. The hotel accommodates 63 guest rooms on four floors and includes a conference room, outdoor swimming pool, restaurant and bar. Gillis Gilkerson completed the project for a returning client for whom they had built the original Crystal Beach Hotel on 25th Street and the Boardwalk, the Haven Hotel on 1st Street and the Boardwalk and the Haven Suites on 1st Street and Baltimore Avenue in Ocean City, Maryland.

"They stayed on track, built the hotel on time, on budget and delivered a great hotel product. From the concrete and painting to the punch-out man, we were very happy with the professionalism and quality of all of the subcontractors Gillis Gilkerson brought on board to make it happen."
