

PARK PLACE HOTEL

OCEAN CITY, MARYLAND

Gillis Gilkerson completed renovations at the Park Place Hotel located at 2208 North Baltimore Avenue in Ocean City, Maryland. The 70,627 square foot project added a half floor to the building's sixth level, an entire floor to the seventh, a new penthouse elevator service and mechanical rooms, and expanded the pool deck to accommodate a second swimming pool while also transforming the existing swimming pool into a luxury spa. Other additions included a gym, laundry room and utility tower. Renovations converted two sets of rooms on each floor into suites equipped with full kitchens and separate bedrooms and added balconies to the sixth and seventh floors.

"Gillis Gilkerson has done a beautiful job. This renovation has changed the skyline of Ocean City. Park Place Hotel has literally risen out of the sand and people can see our building stand out amongst all the others."
