

HAMPTON INN RENOVATIONS

REHOBOTH BEACH, DELAWARE

Gillis Gilkerson has successfully partnered with the owners of the Hampton Inn located at 18826 Coastal Highway in Rehoboth Beach, Delaware to complete large-scale renovations on multiple occasions. Project Manager Greg Ennis and Superintendent Chris Deinlein have managed all construction operations for the repeat client.

In 2021, the initial scope of work included modernization of the main entrance and lobby, installation of new flooring, doors and hardware throughout the hotel. In 2022, ownership re-engaged Gillis Gilkerson to fully renovate the property's 85 guestrooms, replacing showers, ceramic tile and carpet flooring, countertops, casework and paint. The work was completed in phases which enabled the hotel to remain fully operational during the process.

"The renovations progressed smoothly and the transformation was really exciting. I was very pleased with the results and am looking forward to feedback from our guests."
