

ROMMEL'S HARLEY DAVIDSON SALISBURY, MARYLAND

Rommel's Harley Davidson contracted Gillis Gilkerson to transform the former Gander Mountain in North Salisbury, Maryland into a motorcycle dealership and retail showroom. The +/- 20,390 square foot interior and exterior renovation was completed on the south end of the building located at 2410 North Salisbury Boulevard.

The scope of work encompassed new fixtures, site improvements, installation of ceramic tile flooring and partitions, and construction of a new service department and private offices. Rommel's Harley Davidson is now open for business in Salisbury, Maryland as a part of larger, multi-location network with dealerships in Smyrna, Delaware and Annapolis, Maryland.

"We are excited to have played a role in bringing Rommel's Harley Davidson back to Salisbury after over 30 years," said Dwight Miller Executive Consultant and former President for Gillis Gilkerson. "We had a great working relationship with open communication with the client throughout the course of the project which ultimately helped our team to deliver on time and on budget."

"We had an excellent experience working with Gillis Gilkerson. Dwight managed the project efficiently and Darryl Mitchell was very effective in moving the day-to-day operations forward. We received our certificate of occupancy thirty days ahead of schedule. It was a job well done."
