

## ZIPS DRY CLEANERS

SALISBURY, MARYLAND

Gillis Gilkerson partnered with Zips Dry Cleaners (“Zips”) to complete an interior fit-out at 1305 South Salisbury Boulevard in Salisbury, Maryland. Zips is a nationally recognized chain with several locations on Maryland’s western shore; prior to the Salisbury store, the company had not yet established a presence on the Delmarva Peninsula.

“We welcome Zips Dry Cleaners to the Salisbury area,” said Dwight Miller, former President of Gillis Gilkerson. “Zips is a Maryland-based company with over 70 locations, this being their most recent opening. You can’t get any better than same day service when it comes to dry cleaning. We are happy we could help the franchise lay down roots in Salisbury.”

The +/- 2,000 square foot, single-story buildout included extensive mechanical work for the installation of dry cleaning equipment. Project Manager Don Murray and Superintendent Charlie Morris completed the project in less than four months.

“Don was on point when it came to communication,” said owner Parin Patel. “The way he facilitated our weekly meetings and worked with the architect and engineers was very smooth. I will definitely use Gillis Gilkerson again for my next construction project.”
