

THE WINE'ING BUTCHER

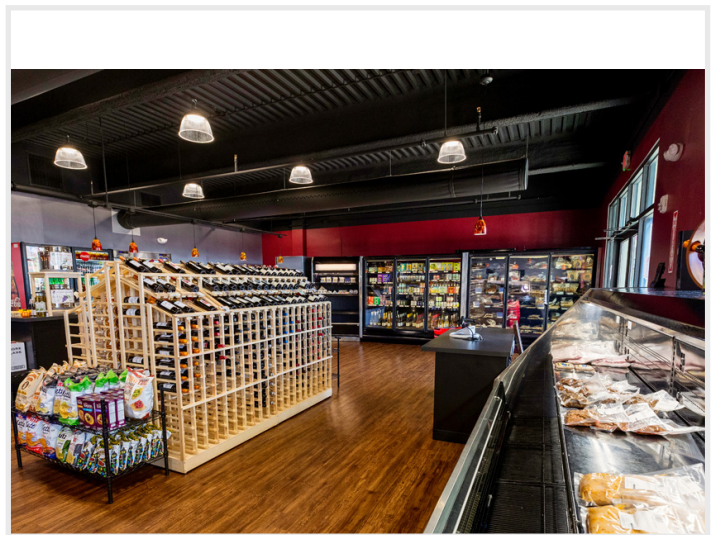

OCEAN CITY, MARYLAND

In late 2021, Gillis Gilkerson completed an interior buildout for The Wine'ing Butcher, a gourmet market located at 12911 Ocean Gateway in Ocean City, Maryland. Featuring a full-service meat market, fresh produce, a deli offering Boar's Head products, and a sophisticated selection of wine and artisan cheeses, the Wine'ing Butcher has introduced a new dining and retail concept to the Worcester County community.

"The Gillis Gilkerson team was awesome to work with," said Dion Ho, Wine'ing Butcher partner. "Usability is important when it comes to the flow of daily operations. We ended up making some changes along the way and Gillis Gilkerson and all their subcontractors were fluid, quick and responsive throughout the whole process. They got us to the finish line."

Gillis Gilkerson's scope of work included the complete interior build out of +/- 2,894 square feet. The space now features a commercial kitchen with walk-in coolers and freezers, a cold processing room, food preparation area, retail space, and a deli and bakery. Led by Project Manager Matt Esham with onsite support provided by Superintendent Chris Deinlein, Gillis Gilkerson completed the build in time for the peak of Ocean City's tourist season.

"We are fortunate to have had the opportunity to help bring a new business model to the Ocean City area," said Esham. "We wish them the best of luck and look forward to their future growth here on the Delmarva Peninsula."
