

MARYLAND DEPARTMENT OF EDUCATION

SALISBURY, MARYLAND

When Rinnier Development Company needed a general contractor to oversee the renovation and tenant fit-out of 119 West Naylor Road Suite One, in the well-known Northgate Business Park, Gillis Gilkerson was honored to be entrusted with the task.

Gillis Gilkerson remodeled the unit to fit the needs of the Maryland State Department of Education's Division of Rehabilitation Services. The Division of Rehabilitation Services, or DORS, helps job-seekers with significant disabilities prepare for, go to or return to work, offering services like career counseling, job training, post secondary education, assistive technology, and assistance requesting reasonable accommodations.

Gillis Gilkerson Project Manager David Erickson and Superintendent Vinnie Reinhold lead the renovation of the +/- 2,800 sf space. The existing unit underwent demolition, including a substantial amount of concrete demolition to allow for reconfiguration of the plumbing. The plumbing was reconstructed and new fixtures installed to meet the needs of the new tenants. HVAC duct-work was either re-run or replaced throughout the space, before drywall, paint and finishes completed the transformation.
