

CRUMBL

SALISBURY, MARYLAND

Gillis Gilkerson completed construction on the very first Crumbl franchise location in Salisbury, MD, with doors opening in December 2025. Gillis Gilkerson oversaw the fit-out for Crumbl in The Commons shopping center located in North Salisbury's shopping district, turning the endcap unit into Salisbury's sweetest new dessert destination. Cookie enthusiasts will find the space is kitchen-centric, with only a small area dedicated to a customer service counter for placing orders. The rest of the space is dedicated to a massive open-view commercial kitchen where the weekly featured flavors are scratch made.

The interior design features the brand's pink and white color scheme with an emphasis on tile, from the gleaming white customer service counter and two tiled accent walls designed to look like floor to ceiling stacks of brand's iconic pink cookie boxes. The rest of the space is filled with stainless steel work surfaces, appliances, industrial grade mixers, ovens and refrigerators - highlighting the high-standards and precision processes that go into the brand's famous creations.

Founded in 2017, Crumbl has grown to a nationwide chain by offering six classic cookie flavors, plus four special limited-time-only flavors on a weekly rotating schedule. This format allows fans to find tried and true classics alongside one-of-a-kind experiences, all in one sweet spot. Gillis Gilkerson has taste-tested, and approved!
